This quarter saw strong growth across our core metrics. Revenue increased by 12% year-over-year.

## Key Metrics

## Key Metrics Details

|                  |             |         |
|------------------|-------------|---------|
| Revenue          | \$1,200,000 | 12% YoY |
| Active Customers | 8,450       | +9% QoQ |
| Churn Rate       | 1.2%        | -0.3pp  |

## Notes

Recommendations: Continue investment in core product features, evaluate pricing tiers for enterprise customers, and prioritize internationalization efforts for Q3. Consider A/B testing on onboarding flows to improve activation rates. Risks: Monitor server capacity and operational costs as user growth continues.
